Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claims 1-27. (canceled).

28. (previously presented) An automated control method comprising the steps of:

providing a device with a processor, a transmitter, a receiver, a microphone, a speaker, a global positioning system and a scanner, with the device being operated by a person;

receiving a designated signal with the device;

emitting a radio signal from the device; and

sending with the radio signal identifying information on the person.

Claims 29-36. (canceled).

37. (previously presented) The automated control method of claim 28, and further comprising the step of scanning a scene with said scanner.
